## Abstracts

CAD is a software tool package used for modeling and designing products and components with ease and accuracy. The CAD software package helps engineers, architects, and other design professionals in creating a digital prototype of products. These prototypes are created prior to production. A VAR is a company that resells a software from a software provider by adding features and/or services. The services may include consulting, training, support, and implementation.

### Scope of the Report:

This report studies the CAD in Apparel market status and outlook of Global and major regions, from angles of players, countries, product types and end industries; this report analyzes the top players in global market, and splits the CAD in Apparel market by product type and applications/end industries.

The apparel industry requires high levels of customization, and this high demand for apparel customization has fueled the demand for CAD solutions across the industry. Initially, companies relied on mass production, which lead to cost reduction. This trend has changed with time and is being replaced by the mass customization concept, which is slowly traction among the companies. The capability of the CAD software to determine the cost of materials during the design stage will result in its increased adoption during the forecast period.

The Americas is expected to be the largest market for CAD in the apparel industry and will grow at a CAGR of more than 4% during the forecast period. The Americas accounted for a major part of the total market revenue due to the presence of many fashion houses and garment factory units in the US. Some of the companies in the Americas that use CAD solutions are La Moda in Brazil, Art Stone in the US, Astro in the US, and Jack Victor in Canada.

The global CAD in Apparel market is valued at xx million USD in 2017 and is expected to reach xx million USD by the end of 2023, growing at a CAGR of xx% between 2017 and 2023.

The Asia-Pacific will occupy for more market share in following years, especially in China, also fast growing India and Southeast Asia regions.

North America, especially The United States, will still play an important role which cannot be ignored. Any changes from United States might affect the development trend of CAD in Apparel.

Europe also play important roles in global market, with market size of xx million USD in 2017 and will be xx million USD in 2023, with a CAGR of xx%.

Market Segment by Companies, this report covers

Autodesk

Browzwear

Lectra

AllCAD

Arahne

Artext

Audaces

Bontex

CadCam Technology

C-Design

Fashion CAD

Gerber Technology

Tricycle

Market Segment by Regions, regional analysis covers

North America (United States, Canada and Mexico)

Europe (Germany, France, UK, Russia and Italy)

Asia-Pacific (China, Japan, Korea, India and Southeast Asia)

South America (Brazil, Argentina, Colombia)

Middle East and Africa (Saudi Arabia, UAE, Egypt, Nigeria and South Africa)

Market Segment by Type, covers
