Abstracts

The bakery industry has expanded from simple baked goods to a multitude of products across various categories, including healthy, organic offerings.

Scope of the Report:

This report focuses on the Cakes and Pastries in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

The increasing innovation in product offerings is expected to contribute to the market growth during the forecast period. For example, in 2015, Bimbo Bakeries launched a Minions-themed cake range in Iberia produced under license from Universal Pictures and Illumination Entertainment. Also, a new type of cake-based snack called cake pops is gaining in popularity and is available in grocery stores and coffee shops. These are bite-sized cakes styled as lollipops and come in a range of designs. With more people interested in experimenting with food, the cakes and pastries market has seen many innovations, particularly in flavors and toppings. Thus, the growing popularity of customizable cakes and pastries to drive this market's growth during the forecast period.

In 2015, Europe dominated the market with a market share of close to 68% in terms of revenue. Factors like the presence of many established artisanal baked goods makers in Europe will propel the market for cakes and pastries during the forecast period.

The worldwide market for Cakes and Pastries is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017, according to a new GIR (Global Info Research) study.
