## Abstracts

Camping furniture refers to portable furniture such as stools, chairs, and tables. Cots and hammocks are relaxing furniture which are often used for camping. Development in the tourism industry is highly dependent on megatrends marking the progress of the society and world economy.

### Scope of the Report:

This report focuses on the Camping Furniture in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

Rising recreational expenditure, changing lifestyle, and increasing participation in outdoor recreational activities are expected to drive the growth of the global camping furniture market. Furthermore, rise in awareness of health benefits offered by outdoor activities is anticipated to fuel the camping furniture market during the forecast timeline. The Americas is expected to be the major revenue contributor to the lightweight camping chair market throughout the forecast period. Owing to the rising retail sales of new units of camping furniture and outdoor camping chairs, this region will contribute extensively to the camping furniture market.

The worldwide market for Camping Furniture is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017, according to a new GIR (Global Info Research) study.
