## Abstracts

The global Casualty Treaty Reinsurance market size is expected to reach \$ 25750 million by 2029, rising at a market growth of 7.0% CAGR during the forecast period (2023-2029).

The market outlook for reinsurers is promising but also adds to uncertainty. The real average annual growth rate of the global reinsurance market will increase slightly from 2023 to 2025 and be slightly lower than the levels in 2020 and 2022. The main drivers were strong operating results and restoring asset values.

Casualty treaty reinsurance is a contract between a ceding insurance company and a reinsurer agreeing to accept the risks of a predetermined class of policies for a period of time. When an insurance company underwrites a new policy, they agree to take on additional risk in exchange for a premium.

This report studies the global Casualty Treaty Reinsurance demand, key companies, and key regions.

This report is a detailed and comprehensive analysis of the world market for Casualty Treaty Reinsurance, and provides market size (US\$ million) and Year-over-Year (YoY) growth, considering 2022 as the base year. This report explores demand trends and competition, as well as details the characteristics of Casualty Treaty Reinsurance that contribute to its increasing demand across many markets.
