Catnip products are items designed for feline enrichment and enjoyment, typically utilizing the herb *Nepeta cataria*, also known as catnip. Catnip, a member of the mint family, contains a compound called nepetalactone that triggers euphoric reactions in cats, attracting them to toys, sprays, and other products infused with it. These items serve to stimulate cats, encouraging play, exercise, and mental engagement. Catnip products come in various forms, such as plush toys, scratchers, and sprays, providing a diverse range of options to entertain and engage feline companions, enhancing their overall well-being and interaction with their environment.

The industry trend for catnip products shows a consistent upward trajectory.
