## Abstracts

The global Comprehensive Online Public Opinion Monitoring and Control System Platform market size is expected to reach $ 18872 million by 2032, rising at a market growth of 10.1% CAGR during the forecast period (2026-2032).

The comprehensive online public opinion monitoring and control platform utilizes data acquisition, natural language processing, intelligent analysis, and visualization technologies to monitor, identify, analyze, issue alerts for, and manage information from news websites, social media, forums, short-video platforms, search engines, and self-media channels in real time.

Upstream components include cloud computing, big data, artificial intelligence, web crawlers, data interfaces, servers, and cybersecurity services; downstream applications span sectors such as government, enterprise, media, finance, education, public safety, and brand public relations.

Future global online public opinion monitoring and control platforms will evolve toward greater intelligence, real-time capabilities, multimodal analysis, and cross-platform collaboration. Technologies such as generative AI, semantic understanding, and knowledge graphs will enhance capabilities in sentiment recognition, event tracing, propagation path analysis, and risk prediction, while monitoring scope will expand from text to include images, audio, video, and live-streamed content. Enterprises will strengthen global multilingual coverage, data compliance, privacy protection, and misinformation detection, while driving the integration of these platforms with customer service, brand management, cybersecurity, and emergency command systems. Cloud-based subscriptions, industry-specific customization, automated alerts, and decision-

support tools will emerge as key product trends.

## Report Scope

This report studies the global Comprehensive Online Public Opinion Monitoring and Control System Platform demand, key companies, and key regions.

This report is a detailed and comprehensive analysis of the world market for Comprehensive Online Public Opinion Monitoring and Control System Platform, and provides market size (US$ million) and Year-over-Year (YoY) growth, considering 2025 as the base year. This report explores demand trends and competition, as well as details the characteristics of Comprehensive Online Public Opinion Monitoring and Control System Platform that contribute to its increasing demand across many markets.

## Highlights and key features of the study

Global Comprehensive Online Public Opinion Monitoring and Control System Platform total market, 2021-2032, (USD Million)

Global Comprehensive Online Public Opinion Monitoring and Control System Platform total market by region & country, CAGR, 2021-2032, (USD Million)

U.S. VS China: Comprehensive Online Public Opinion Monitoring and Control System Platform total market, key domestic companies, and share, (USD Million)

Global Comprehensive Online Public Opinion Monitoring and Control System Platform revenue by player, revenue and market share 2021-2026, (USD Million)

Global Comprehensive Online Public Opinion Monitoring and Control System Platform total market by Type, CAGR, 2021-2032, (USD Million)

Global Comprehensive Online Public Opinion Monitoring and Control System Platform total market by Application, CAGR, 2021-2032, (USD Million)

This report profiles major players in the global Comprehensive Online Public Opinion Monitoring and Control System Platform market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Brandwatch, Sprinklr, Meltwater, Talkwalker, Sprout Social, Cision, Quid, Emplifi, Digimind, Synthesio, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

Stakeholders would have ease in decision-making through various strategy matrices used in analyzing the world Comprehensive Online Public Opinion Monitoring and Control System Platform market

## Detailed Segmentation:

Each section contains quantitative market data including market by value (US$ Millions), by player, by regions, by Type, and by Application. Data is given for the years 2021-2032 by year with 2025 as the base year, 2026 as the estimate year, and 2027-2032 as the forecast year.
