Abstracts

Contract packaging is a packaging and labeling services can be used for many types of products including foods, pharmaceuticals, household products, and industrial products.

Scope of the Report:

This report focuses on the Contract Packaging in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

The food and beverages segment accounted for the major shares for the contract packaging market. Factors such as the growing urban population and the increasing demand for processed food will contribute to the growth of this industry segment in the coming years. Moreover, the growing demand from the food and beverage sector that will propel the need for packaging, will also subsequently increase the need for contract packaging in this end-user segment.

In terms of geographic regions, the Americas will be the major revenue contributor to the contract packaging market by 2021. The increasing consumer awareness towards contract packaging and the availability of flexible labor and solid infrastructure in countries such as the US, will be the major factors propelling the market's growth in this region.

The worldwide market for Contract Packaging is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017, according to a new GIR (Global Info Research) study.
