Abstracts

According to Persistence Market Research, the global cosmetic procedures market is anticipated to witness significant market valuation and a robust growth rate during the period of assessment 2017-2025. This growth is pushed by the rising trend of medical tourism, higher adoption of cosmetic procedures especially in the emerging economies and rising prevalence of skin disorders that offer lucrative opportunities to adopt various laser surgical treatments. Moreover, innovations in the medical field are growing, new technological developments have changed the face of the industry, with more people relying on advanced procedures to treat disorders. This has accelerated the image of various cosmetic procedures in the minds of people which in turn has driven the growth of the global cosmetic procedures market.

SCOPE OF THE REPORT:

This report focuses on the Cosmetic Procedures in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

The growing hyaluronic acid and botulinum toxin categories in the injectables sub-segment are major growth propellers of this sub-segment. Facial rejuvenation sub-segment is pushed due to growing non-surgical skin tightening, chemical peel, photorejuvenation and laser skin resurfacing sub-categories during the forecast period 2017-2025.

The worldwide market for Cosmetic Procedures is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017, according to a new GIR (Global Info Research) study.
