Abstracts

Credential evaluation services are organizations or agencies that assess and verify academic and professional credentials obtained from institutions outside a specific country. These services play a crucial role in facilitating the recognition of foreign educational and professional qualifications in a new country. Individuals often use these services when seeking admission to educational institutions, applying for employment, or pursuing professional licensure in a country other than where they obtained their credentials.

According to our (Global Info Research) latest study, the global Credential Evaluation Services market size was valued at US$ 442 million in 2023 and is forecast to a readjusted size of USD 692 million by 2030 with a CAGR of 6.2% during review period.

This report is a detailed and comprehensive analysis for global Credential Evaluation Services market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2024, are provided.

Key Features:
