Abstracts

According to our (Global Info Research) latest study, the global Crime Insurance market size was valued at USD million in 2023 and is forecast to a readjusted size of USD million by 2030 with a CAGR of % during review period.

Crime insurance policy provides extensive coverages and safeguards against theft by staff and other consequences resulting from forgery, software abuse, and others. In addition, crime insurance is largely preferred by financial organizations, banks, private companies, and other businesses. In case of any criminal fraud, it is the obligation of insurance provider to defend policyholders from potential claims or liabilities suffered by the insured. It also protects costs or claims that arise from losses through instruments such as cheques that are corruptly withdrawn on behalf of the policyholder by a third-party.
