Abstracts

According to our (Global Info Research) latest study, the global Curbside Pickup Solutions market size was valued at US$ 4252 million in 2025 and is forecast to a readjusted size of US$ 8590 million by 2032 with a CAGR of 10.7% during review period.

Curbside pickup solutions refer to an omnichannel retail fulfillment model in which customers place orders online and collect purchases from designated curbside pickup zones at retail stores, supermarkets, pharmacies, or service locations. These solutions integrate geofencing, mobile notifications, order management systems (OMS), store fulfillment platforms, and customer verification technologies to facilitate arrival detection, order preparation, and contactless delivery. The model combines the convenience of e-commerce with the speed of local fulfillment and has become an important component of modern retail operations.

This report is a detailed and comprehensive analysis for global Curbside Pickup Solutions market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

Key Features:

Million), 2021-2032

Global Curbside Pickup Solutions market size and forecasts by region and country, in consumption value ($ Million), 2021-2032

Global Curbside Pickup Solutions market size and forecasts, by Type and by Application, in consumption value ($ Million), 2021-2032

Global Curbside Pickup Solutions market shares of main players, in revenue ($ Million), 2021-2026

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Curbside Pickup Solutions

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global Curbside Pickup Solutions market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Manhattan Associates, Salesforce, Oracle Retail, StrongPoint, Flybuy by Radius Networks, Fluent Commerce, Medallia, K?rber Supply Chain, Shopify, Apex Order Pickup Solutions, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

Market segmentation

Curbside Pickup Solutions market is split by Type and by Application. For the period 2021-2032, the growth among segments provides accurate calculations and forecasts for Consumption Value by Type and by Application. This analysis can help you expand your business by targeting qualified niche markets.
