Abstracts

The global Database market size is expected to reach $ 177530 million by 2029, rising at a market growth of 9.6% CAGR during the forecast period (2023-2029).

From the perspective of industrial structure, the cloud deployment model is changing the market structure. In 2022, the share of the old leader Oracle has dropped to 20.27%, while the market share of cloud service providers such as AWS and Microsoft continues to increase.

Database refers to a warehouse that organizes, stores, and manages data according to the data structure. It is the core of the information system and the prerequisite for effective use of data; Database Management System refers to large-scale system software that uniformly manages and controls the database and is responsible for the establishment, use, and maintenance of the database. .

This report studies the global Database demand, key companies, and key regions.

This report is a detailed and comprehensive analysis of the world market for Database, and provides market size (US$ million) and Year-over-Year (YoY) growth, considering 2022 as the base year. This report explores demand trends and competition, as well as details the characteristics of Database that contribute to its increasing demand across many markets.

Highlights and key features of the study

Global Database total market, 2018-2029, (USD Million)

Global Database total market by region & country, CAGR, 2018-2029, (USD Million)

U.S. VS China: Database total market, key domestic companies and share, (USD Million)

Global Database revenue by player and market share 2018-2023, (USD Million)

Global Database total market by Type, CAGR, 2018-2029, (USD Million)

Global Database total market by Application, CAGR, 2018-2029, (USD Million).

This reports profiles major players in the global Database market based on the following parameters – company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Oracle, Microsoft, IBM, AWS, SAP, Alibaba, Tencent and HuaWei, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

Stakeholders would have ease in decision-making through various strategy matrices used in analyzing the World Database market.

Detailed Segmentation:

Each section contains quantitative market data including market by value (US$ Millions), by player, by regions, by Type, and by Application. Data is given for the years 2018-2029 by year with 2022 as the base year, 2023 as the estimate year, and 2024-2029 as the forecast year.
