Scope of the Report:

This report focuses on the Decoy Flares in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application. One trend in the market is growing development of missile jamming decoys. The growing development of missile jamming decoys is identified as one of the key trends that will stimulate growth in the decoy flares market during the forecasted period.
