Abstracts

Demand side platfrom software is a digital software platform that allows brands and advertisers to create and manage programmatic advertising campaigns instead of traditional methods. With the introduction of the demand-side platform software market, it enables advertisers to manage and optimize campaigns digitally. By applying different targeting criteria, advertisers can reach audiences in the global market.

According to our (Global Info Research) latest study, the global Demand Side Platform Software market size was valued at USD million in 2022 and is forecast to a readjusted size of USD million by 2029 with a CAGR of % during review period. The influence of COVID-19 and the Russia-Ukraine War were considered while estimating market sizes.

This report is a detailed and comprehensive analysis for global Demand Side Platform Software market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2023, are provided.

Key Features:

Global Demand Side Platform Software market size and forecasts, in consumption value ($ Million), 2018-2029

Global Demand Side Platform Software market size and forecasts by region and

country, in consumption value ($ Million), 2018-2029

Global Demand Side Platform Software market size and forecasts, by Type and by Application, in consumption value ($ Million), 2018-2029

Global Demand Side Platform Software market shares of main players, in revenue ($ Million), 2018-2023

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Demand Side Platform Software

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global Demand Side Platform Software market based on the following parameters - company overview, production, value, price, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Media Math, DoubleClick, Rubicon project, Gravity4 and Criteo, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals, COVID-19 and Russia-Ukraine War Influence.

Market segmentation

Demand Side Platform Software market is split by Type and by Application. For the period 2018-2029, the growth among segments provide accurate calculations and forecasts for consumption value by Type and by Application. This analysis can help you expand your business by targeting qualified niche markets.

Market segment by regions, regional analysis covers

North America (United States, Canada, and Mexico)

Europe (Germany, France, UK, Russia, Italy, and Rest of Europe)

Asia-Pacific (China, Japan, South Korea, India, Southeast Asia, Australia and Rest of Asia-Pacific)

South America (Brazil, Argentina and Rest of South America)

Middle East & Africa (Turkey, Saudi Arabia, UAE, Rest of Middle East & Africa)

The content of the study subjects, includes a total of 13 chapters:

Chapter 1, to describe Demand Side Platform Software product scope, market overview, market estimation caveats and base year.

Chapter 2, to profile the top players of Demand Side Platform Software, with revenue, gross margin and global market share of Demand Side Platform Software from 2018 to 2023.

Chapter 3, the Demand Side Platform Software competitive situation, revenue and global market share of top players are analyzed emphatically by landscape contrast.

Chapter 4 and 5, to segment the market size by Type and application, with consumption value and growth rate by Type, application, from 2018 to 2029.

Chapter 6, 7, 8, 9, and 10, to break the market size data at the country level, with revenue and market share for key countries in the world, from 2018 to 2023.and Demand Side Platform Software market forecast, by regions, type and application, with consumption value, from 2024 to 2029.
