The global Denied Boarding Claim Service market size is expected to reach \$ 1977.3 million by 2029, rising at a market growth of 5.7% CAGR during the forecast period (2023-2029).

Denied Boarding Claim Service is a service provided by airlines to passengers who have been denied boarding due to overbooking or other reasons. The service helps passengers claim compensation for the inconvenience caused by the airline's actions.

Passengers who are denied boarding are entitled to compensation under EU Regulation 261/2004, which sets out the rights of air passengers in the event of flight disruptions. The compensation amount varies depending on the distance of the flight and the length of the delay.

Denied Boarding Claim Service providers assist passengers in claiming compensation from airlines. They handle the entire claims process, from gathering evidence to negotiating with the airline on behalf of the passenger.
