## Abstracts

Learning experience platforms (also known as LXP or LEP) are corporate learning solutions used by HR and learning and development (L and D) departments. These customizable solutions help companies provide their employees with personalized and intuitive learning experiences. LXPs are sometimes called 'Netflix-style' learning because relevant content is easy to locate and use from computers and mobile devices. LEPs provide companies with learning libraries that include access to internal and external course catalogs, videos, podcasts, blogs, articles, and so on. LXPs allow employees to access relevant content via adaptive learning paths for personalized skill development.

According to our (Global Info Research) latest study, the global Learning Experience Platforms (LXP) market size was valued at USD million in 2022 and is forecast to a readjusted size of USD million by 2029 with a CAGR of % during review period.
