Abstracts

According to our (Global Info Research) latest study, the global E-visa Outsource Service market size was valued at US$ 1466 million in 2024 and is forecast to a readjusted size of USD 2677 million by 2031 with a CAGR of 9.1% during review period.

Visa Service is a service where a service agency applies to a country's government for permission to enter, exit or transit the country at the request of an applicant, eliminating much of the paperwork required by an applicant to visit a country. Visa Service includes short-term business, work, study and tourism in some countries and other types of visas for applicants.

In recent years, many governments have outsourced their visa processing to external partners. This has helped them to manage the increasing demand for visas in the age of booming international travel. Visa outsourcing can also benefit travellers, reducing processing times and improving customer service. In this report, we counted the visa outsourcing service.'

Data published by leading global bodies, including the World Tourism Organization (UNWTO), the World Economic Forum and the International Air Travel Association (IATA), suggests that the number of passengers in air transport continued to recover in 2022, as in 2021, from the low point reached during the health crisis in 2020, but will remain below pre-crisis levels in 2019.

The upturn in the number of visa outsourcing service market is expected to continue during 2023. Its pace will depend on developments in the global economic and tourism situation. Our analysts estimate the visa outsourced service market is not expected to
