Economy grade fiberglass reinforced strapping tape is a type of adhesive tape that is reinforced with fiberglass filaments for added strength and durability. It is commonly used in various industrial and commercial applications where bundling, sealing, and securing objects is required. The tape is made of a fiberglass backing material that provides high tensile strength, allowing it to withstand heavy loads and resist tearing. The fiberglass filaments are embedded within the tape's adhesive layer, creating a reinforced structure that enhances its overall strength and resilience.
