According to our (Global Info Research) latest study, the global Employer Value Proposition (EVP) market size was valued at US\$ 3479 million in 2025 and is forecast to a readjusted size of US\$ 4871 million by 2032 with a CAGR of 5.0% during review period.

Employer Value Proposition (EVP) is the unique set of rewards, benefits, and experiences that an employer offers to its employees in exchange for their skills, effort, and commitment. It encompasses everything from competitive salaries and comprehensive benefits packages to a positive work culture, career development opportunities, and work - life balance. An EVP clearly defines what makes a company an attractive place to work, differentiating it from competitors in the job market. It communicates the organization's values, mission, and the unique value that employees can expect to receive throughout their employment journey. A well - crafted EVP not only helps in attracting top talent but also in retaining employees by ensuring that their expectations and needs are met, thereby enhancing job satisfaction, engagement, and overall organizational performance.

Employer Value Proposition (EVP) services represent a strategic segment of the human capital consulting market, focused on defining, articulating, and activating an organization's unique value exchange with employees. This market has evolved from simple employer branding to sophisticated, data-driven solutions that integrate talent strategy, employee experience, and business outcomes. The global market is experiencing accelerated growth driven by intense talent competition, the rise of hybrid/remote work, heightened employee expectations, and the need for organizational resilience in volatile economic conditions. EVP is increasingly recognized as a critical

driver of talent attraction, retention, and business performance.
