Abstracts

The EDR market is segmented by component, enforcement point, deployment mode, organization size, vertical, and region. The solutions component is estimated to have the largest market size in 2017. Moreover, the services segment is expected to grow at the highest CAGR during the forecast period. An increasing demand from large enterprises and SMEs from diverse industry verticals to safeguard their premises from advanced threats, such as malwares, ransomwares, and advanced persistent threats has led to the growth of the EDR market. In addition, government compliances and the increasing demand for integrated and next-generation security solutions are expected to augment the demand for such solutions.

SCOPE OF THE REPORT:
