Abstracts

Based on organization size, the small & medium enterprises segment of the enterprise collaboration market is projected to grow at a higher CAGR than large enterprises segment during the forecast period. Cost-effectiveness is important for SMEs, as they have a limited budget. Hence, the implementation of cloud-based enterprise collaboration solutions is expected to result in increased revenue, desired business outcome, and improved business efficiency for SMEs. Enterprise collaboration solutions help SMEs reduce travel cost and the need for face-to-face meetings. The large enterprises segment is projected to lead the market during the forecast period.
