Abstracts

The global Enterprise Legal Process Outsourcing (LPO) Service market size is expected to reach \$ million by 2029, rising at a market growth of % CAGR during the forecast period (2023-2029).

The adoption of technology such as artificial intelligence (AI) and machine learning (ML) is transforming the legal industry. LPO service providers are investing heavily in these technologies to improve efficiency, speed up processes, reduce costs and offer better services to their clients. Many companies are turning to LPO service providers to reduce the costs associated with legal services. Outsourcing legal processes to a third-party provider can lead to significant cost savings, especially for routine tasks such as contract management. As regulations become more complex, businesses are finding it increasingly difficult to stay compliant. LPO service providers are able to provide specialized services to help companies manage and stay compliant with regulations.
