## Abstracts

Food and beverage warehousing is an essential aspect of food supply chain because most foods and beverages are temperature sensitive and perishable. Refrigeration helps to keep products fresh and prevents contamination.

Scope of the Report:

This report studies the Food and Beverage Warehousing market status and outlook of Global and major regions, from angles of players, countries, product types and end industries; this report analyzes the top players in global market, and splits the Food and Beverage Warehousing market by product type and applications/end industries.

The meat, fish, and seafood segment dominated the F&B warehousing market and accounted for a major part of the overall market share. The high demand for meat exports from countries in the Middle East such as Saudi Arabia, Turkey, and Qatar is likely to contribute to the growth of this segment. Also, meat, fish, and seafood perish when exposed to changes in temperature; this is driving the need for refrigerated warehousing services.

In this market study, analysts have estimated the Americas to dominate the F&B warehousing market during the forecast period. The US is the major contributor to F&B warehousing market in the region. This is primarily due to the effective private-public partnerships which enable vendors in North America to receive a sizeable amount of logistic support. Also, the increased demand for vegetables and fruits from consumers is another factor that is contributing to the growth of the market in North America.

The global Food and Beverage Warehousing market is valued at xx million USD in 2017 and is expected to reach xx million USD by the end of 2023, growing at a CAGR of xx% between 2017 and 2023.

The Asia-Pacific will occupy for more market share in following years, especially in China, also fast growing India and Southeast Asia regions. North America, especially The United States, will still play an important role which cannot be ignored. Any changes from United States might affect the development trend of Food and Beverage Warehousing. Europe also play important roles in global market, with market size of xx million USD in 2017 and will be xx million USD in 2023, with a CAGR of xx%.
