Abstracts

Fruits and vegetable ingredient products are the most common purchased products in different retail food stores. Fruits and vegetable ingredient products are used in most appealing food items.

Scope of the Report:

This report focuses on the Fruits and Vegetables Ingredients in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

The concentrates segment accounts for the major share of the vegetables and fruits ingredients market due to the reduced weight and volume for transportation. It can be reconstituted at the time of use by adding solvents. Concentrates are extensively used in healthy food and beverages to cater to the needs from health-conscious consumers. Moreover, they are also used as natural sweeteners and sugar substitutes in bakery and confectionary products. This will drive the growth of the fruits and vegetables ingredients market in this segment.

Fruits and vegetables ingredients are primarily used in beverages since consumers have the need to follow a healthy and natural diet. Fruits and vegetables are essential components for a nutritious diet as they provide high nutrient intake. Juices and smoothies are gaining prominence in this market as they are convenient, time saving, and provide a pleasant taste, in addition to, high level of quality and nutrients.

The worldwide market for Fruits and Vegetables Ingredients is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from
