Abstracts

The global Fund Tax Services market size is expected to reach \$ 11990 million by 2032, rising at a market growth of 7.1% CAGR during the forecast period (2026-2032).

Fund tax services are a professional tax service system providing services to investment funds and their managers, general partners, limited partners, fund administrators, and cross-border investors. Core clients include various types of funds such as mutual funds, ETFs, hedge funds, private equity funds, venture capital funds, real estate funds, credit funds, infrastructure funds, funds of funds, and offshore funds. Fund tax services cover the stages of fund establishment, fundraising, investment, distribution, profit realization, cross-border holding, investor disclosure, exit, and liquidation. Its key function is to help fund managers and fund companies transform complex investment income, expense allocation, capital accounts, cross-border investments, investor tax residency, withholding tax, tax transparency disclosure, and regulatory reporting requirements into taxable, auditable, and traceable tax data and reporting results.
