## Abstracts

The general road transportation includes the bus, coach, and taxi and tram transportation of passengers over long or short distances. It includes organizations that provide transportation services within particular region or state in a country.

Scope of the Report:

Courier service providers are now offering on-demand delivery services for faster and efficient delivery of parcels. On-demand delivery provides customers with a flexible option of getting packages delivered at their convenient time and place. This service can also be integrated with point-of-sale systems and ecommerce platforms which enable courier companies to efficiently manage their operations, and thus is a cheaper, faster and more reliable mode of parcel delivery. For instance, UberRUSH is an on-demand courier delivery service operating in New York, Chicago and San Francisco. On-demand delivery service is being widely used for prescription medicine, laundry pickup and delivery, fast food delivery and marijuana delivery. Major on demand delivery service providers include Postmates, Deliv, Sidecar and Amazon Flex in the USA, PiggyBaggy in Finland and Nimber in Norway.
