Abstracts

According to our (Global Info Research) latest study, the global Generator Rental Service market size was valued at US\$ 21608 million in 2025 and is forecast to a readjusted size of US\$ 29168 million by 2032 with a CAGR of 4.4% during review period.

Generator Rental Service refers to a business model that provides the temporary leasing of various types and sizes of electric power generators under short-term or long-term contracts to clients requiring a provisional power supply. These needs typically arise from construction sites, outdoor events, industrial backup power requirements, or for emergency power during grid failures or maintenance periods. The service is commonly offered as a comprehensive, end-to-end solution, encompassing the selection, delivery, installation, commissioning, on-site fuel management, and 24/7 technical support and maintenance for the generator equipment throughout the rental period.

This report is a detailed and comprehensive analysis for global Generator Rental Service market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

Key Features:

Global Generator Rental Service market size and forecasts, in consumption value (\$ Million), 2021-2032

Global Generator Rental Service market size and forecasts by region and country, in consumption value (\$ Million), 2021-2032

Global Generator Rental Service market size and forecasts, by Type and by Application, in consumption value (\$ Million), 2021-2032

Global Generator Rental Service market shares of main players, in revenue (\$ Million), 2021-2026

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Generator Rental Service

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global Generator Rental Service market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Kigo, BookingSync, CiiRUS, Beyond, iGMS (formerly AirGMS), LiveRez, OwnerRez, Rental Network Software, Hostaway, Streamline, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.
