Abstracts

The global Gift Tax Valuation Services market size is expected to reach \$ 991 million by 2032, rising at a market growth of 6.6% CAGR during the forecast period (2026-2032).

Gift valuation services are professional tax valuation services offered to high-net-worth individuals, family businesses, private enterprise shareholders, partnerships, trusts, family offices, trustees, tax lawyers, CPAs, and wealth management advisors. The services focus on calculating the fair market value of relevant assets and interests, conducting discount analysis, issuing reports, and providing dispute resolution support in scenarios involving gift tax, estate tax, GST tax, trust planning, family wealth transfer, private enterprise equity gifts, transfer of family limited partnership interests, LLC member interest gifts, fund interest transfers, charitable donations, and tax authority audits. Independent valuation agencies or professional valuation teams provide this service. This service typically employs methods such as the income approach, market approach, asset approach, option pricing, net asset value discount, lack of control discount, lack of liquidity discount, congestion discount, and tax case analysis to generate professional valuation conclusions applicable to tax filing, full disclosure, audit defense, estate planning, trust execution, and family wealth succession decisions.
