Abstracts

According to our (Global Info Research) latest study, the global Golf Staff Bag market size was valued at USD million in 2023 and is forecast to a readjusted size of USD million by 2030 with a CAGR of % during review period.

Staff bags are the top of the line when it comes to golf bags. Staff bags are used by the pros when on Tour and the bags they carry. Most staff bags prominently display brand logos.

You can think of them as the luxury sedans of golf bags: big, roomy, luxurious, and (above all else) heavy. The weight is not an issue with pros, since a caddy carries their bag. But if you don't have a personal caddy, you may get tired of lugging around the extra weight, whether that means pushing it on a hand cart throughout the round or even just carrying it from your car to the riding cart and back.

Staff bags tend to tip the scales around 10 pounds, but what they lack in lightness, they more than make up for in higher quality materials, plentiful storage space, and Tour-worthy aesthetics.
