Abstracts

Gose is a top-fermented beer that originated in Goslar, Germany. It is brewed with at least 50% of the grain bill being malted wheat. Dominant flavors in gose include a lemon sourness, an herbal characteristic, and a strong saltiness (the result of either local water sources or added salt).

Scope of the Report:

This report focuses on the Gose Beer in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application. The growing popularity of gose beers due to the increasing number of microbreweries worldwide is one of the primary factors that will trigger the growth of the gose beer market in the coming years. In the last few years, the number of microbreweries has increased significantly in Europe and North America. The competition in the gose beer market has increased across the world owing to the rising number of microbreweries. This has proved to be beneficial for consumers in terms of quality, price, and flavors. Apart from North America and Europe, the establishment of microbreweries has increased in countries such as Chile, Brazil, Japan, India, Thailand, South Korea, and South Africa.

The worldwide market for Gose Beer is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017, according to a new GIR (Global Info Research) study.
