Abstracts

Handicraft products are made up of several materials including sheet metal, wrought iron, natural fiber, wood, river stone, beads, textiles, horn and bone, and ceramics. On the basis of type, The global textile market can be classified into kitchenware, gardenware, toys, officeware, furniture and furnishings, jewelry, bathroom accessories, and others.

Scope of the Report:

This report focuses on the Handicrafts in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes The market based on manufacturers, regions, type and application. The growth in international and domestic tourism is also expected to boost the growth of The market during the forecast period. For instance, Japan's government has introduced several campaigns to increase the country's tourism. The resultant rise in the number of tourists has led to an increase in the sales of handicraft items in Japan. The rise in tourism has fueled the demand for cultural goods, uncommon souvenirs, and indigenous art.

The Americas dominated the handicrafts market during 2014 with a market share of 38%. The US is the largest revenue contributor in this region. The high demand for home accessories, jewelry, and other fashion accessories such as handbags and belts is driving The market growth in this region.

The worldwide market for Handicrafts is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017, according to a new GIR (Global Info Research) study.
