According to our (Global Info Research) latest study, the global Healthcare ERP market size was valued at US$ 6493 million in 2024 and is forecast to a readjusted size of USD 9879 million by 2031 with a CAGR of 6.2% during review period.

According to our research, the global market for medical devices is estimated at US$ 603 billion in the year 2023, and will be growing at a CAGR of 5% during next six years. The global healthcare spending contributes to occupy 10% of the global GDP and is continuously rising in recent years due to the increasing health needs of the aging population, the growing prevalence of chronic and infectious diseases and the expansion of emerging markets. The medical devices market plays a significant role in the healthcare industry. The market is driven by several factors, including the increasing demand for advanced healthcare services globally, advancements in medical technology, growing geriatric population, rising healthcare expenditure, and increasing awareness about early disease diagnosis and treatment.

This report is a detailed and comprehensive analysis for global Healthcare ERP market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

Key Features:

2020-2031

Global Healthcare ERP market size and forecasts by region and country, in consumption value ($ Million), 2020-2031

Global Healthcare ERP market size and forecasts, by Type and by Application, in consumption value ($ Million), 2020-2031

Global Healthcare ERP market shares of main players, in revenue ($ Million), 2020-2025

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Healthcare ERP

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global Healthcare ERP market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Microsoft Corporation, Oracle Corporation, SAP SE, McKesson Corporation, Sage Group plc, Infor, Inc. (Koch Industries), Odoo, QAD, Inc. (Thoma Bravo), Aptean (Vista Equity Partners), Epicor Software Corporation, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

Market segmentation

Healthcare ERP market is split by Type and by Application. For the period 2020-2031, the growth among segments provides accurate calculations and forecasts for Consumption Value by Type and by Application. This analysis can help you expand your business by targeting qualified niche markets.
