Abstracts

The global Holiday Rentals market size is expected to reach \$ 16371 million by 2032, rising at a market growth of 6.8% CAGR during the forecast period (2026-2032). Holiday Rentals refer to a type of short-term accommodation arrangement involving the leasing of entire, furnished residential properties (such as apartments, private houses, villas, or cottages) to travelers or tourists for their leisure trips or short stays. Distinct from hotel rooms, holiday rentals provide a private and fully functional self-contained living environment, typically including full kitchen facilities and separate living areas, enabling users to enjoy a more flexible and home-like experience during their travels. This report studies the global Holiday Rentals demand, key companies, and key regions.

This report is a detailed and comprehensive analysis of the world market for Holiday Rentals, and provides market size (US\$ million) and Year-over-Year (YoY) growth, considering 2025 as the base year. This report explores demand trends and competition, as well as details the characteristics of Holiday Rentals that contribute to its increasing demand across many markets.
