## Abstracts

According to our (Global Info Research) latest study, the global Home Exchange Service market size was valued at USD 5052.1 million in 2023 and is forecast to a readjusted size of USD 5981 million by 2030 with a CAGR of 2.4% during review period.

This report focus on Home Exchange Service market.

Home exchange, also known as house swapping, is a form of lodging in which two parties agree to offer each other homestays for a set period of time. Since no monetary exchange takes place, it is a form of barter, collaborative consumption, and sharing. Home exchange can cover any type of residence including apartments, houses, holiday cottages, boats, or recreational vehicles. It can include an exchange of the entire home or just a room. The length of the swap can vary from a weekend to over a year. The swap can be simultaneous or non simultaneous. Home exchanges are usually arranged via specific types of hospitality services and social networking services, most of which charge a fee.

Like all homestays, home exchanges offer several advantages over hotel lodging, including a lower cost and opportunities for cultural diplomacy and friendship.
