According to our (Global Info Research) latest study, the global Home and Construction Franchising market size was valued at US\$ 1853 million in 2024 and is forecast to a readjusted size of USD 2611 million by 2031 with a CAGR of 5.1% during review period.

The Home and Construction Franchising market represents a significant segment within the broader realm of home improvement, maintenance, and construction services. This market encompasses a wide array of franchising opportunities offering specialized services in renovation, remodeling, construction, home repairs, and maintenance. Franchises within this sector cover various areas such as roofing, flooring, painting, plumbing, electrical services, landscaping, home cleaning, restoration, and more. These franchises often provide standardized services, established brand recognition, operational support, and training programs to franchisees, enabling them to deliver quality services to homeowners and businesses. The market has seen continuous growth, driven by the constant demand for home improvement and renovation projects, as well as the increasing preference for professional and reliable services. Additionally, factors such as aging infrastructure, a focus on energy-efficient upgrades, and the trend towards smart home technology contribute to the market's expansion. As consumers seek trusted and reputable service providers for their home and construction needs, franchising opportunities continue to thrive, offering a range of specialized services and solutions within the residential and commercial construction and maintenance sectors.

This report is a detailed and comprehensive analysis for global Home and Construction Franchising market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as

key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

Key Features:

Global Home and Construction Franchising market size and forecasts, in consumption value (\$ Million), 2020-2031

Global Home and Construction Franchising market size and forecasts by region and country, in consumption value (\$ Million), 2020-2031
