Abstracts

The global Horse and Rider Insurance market size is expected to reach \$ 235.4 million by 2029, rising at a market growth of 3.7% CAGR during the forecast period (2023-2029).

As equestrian sports gain popularity worldwide and people's awareness of equestrian sports increases, more and more people are paying attention to the health and safety of horses and riders. As a result, demand for horse and rider insurance is likely to increase. In addition, as the level of equestrian sports improves and competition rules are improved, the risks of horse and rider insurance may also decrease, which will help increase the demand for insurance products.

Horse and rider insurance is an insurance product designed to cover the unexpected risks that horses and riders may face during equestrian events.

This report studies the global Horse and Rider Insurance demand, key companies, and key regions.

This report is a detailed and comprehensive analysis of the world market for Horse and Rider Insurance, and provides market size (US\$ million) and Year-over-Year (YoY) growth, considering 2022 as the base year.
