## Abstracts

According to our (Global Info Research) latest study, the global Hospital Linen and Laundry Services market size was valued at USD million in 2023 and is forecast to a readjusted size of USD million by 2030 with a CAGR of % during review period.

Hospital Linen and Laundry Services are some of the vital elements for hospitals in providing high quality medical care to the patients. Hospital linen supplies include scrub wear, patient gowns, thermal blankets, hospital sheets, pediatric gowns, pillow cases, towels, surgical linen, and many other hospital supplies. Hospital Linen and Laundry Services plays major role in reducing infection rate, increase patient satisfaction and reduce operational costs for hospitals. Efficient supply and management of linen without any defect and delay becomes good support for hospitals to deliver satisfactory healthcare services to the patients.

According to our research, the global market for medical devices is estimated at US\$ 603 billion in the year 2023, and will be growing at a CAGR of 5% during next six years. The global healthcare spending contributes to occupy 10% of the global GDP and is continuously rising in recent years due to the increasing health needs of the aging population, the growing prevalence of chronic and infectious diseases and the expansion of emerging markets. The medical devices market plays a significant role in the healthcare industry. The market is driven by several factors, including the increasing demand for advanced healthcare services globally, advancements in medical technology, growing geriatric population, rising healthcare expenditure, and increasing awareness about early disease diagnosis and treatment.
