Abstracts

Hot Drinks Packaging are increasingly prevalent, especially within instant coffee and malt-based hot drinks, with brands like Nescafe 3-in-1. Moreover, plastic pouches appeal to consumers as they can be kept standing up, thus allowing for easier use and storage. Consumers will continue to demand more instant coffee and highly appreciate the quality taste of coffee and are thus encouraging manufacturers to use packaging design and pack size to strengthen products' premium positioning, with new product launches set to come in smaller pack sizes, such as plastic pouches, to distinguish brands from family and economy brands. Plastic pouches are expected to be introduced more by hot drinks players in order to differentiate between premium and mass brands.
