Abstracts

Transcription is the conversion of a spoken message into written text. When speech is transcribed, it is easier to share, edit, index, and cross-reference. A professional transcriber carefully listens to an interview, presentation, or other audio format and accurately transcribes the dialogue into text. AI transcription uses advanced artificial intelligence to convert audio or video files into text. The software is designed to mimic the way humans transcribe audio or video files.

This report studies the global Human and AI Transcription Service demand, key companies, and key regions.

This report is a detailed and comprehensive analysis of the world market for Human and AI Transcription Service, and provides market size (US\$ million) and Year-over-Year (YoY) growth, considering 2021 as the base year. This report explores demand trends and competition, as well as details the characteristics of Human and AI Transcription Service that contribute to its increasing demand across many markets.

The global Human and AI Transcription Service market size is expected to reach \$ million by 2028, rising at a market growth of % CAGR during the forecast period (2022-2028).

Highlights and key features of the study

Global Human and AI Transcription Service total market, 2017-2028, (USD Million)

Global Human and AI Transcription Service total market by region & country, CAGR, 2017-2028, (USD Million)

U.S. VS China: Human and AI Transcription Service total market, key domestic companies and share, (USD Million)

Global Human and AI Transcription Service revenue by player and market share 2017-2022, (USD Million)

Global Human and AI Transcription Service total market by Type, CAGR, 2017-2028, (USD Million)

Global Human and AI Transcription Service total market by Application, CAGR, 2017-2028, (USD Million)

This reports profiles major players in the global Human and AI Transcription Service market based on the following parameters – company overview, revenue, gross margin, product portfolio, geographical presence, and key developments.
