According to our (Global Info Research) latest study, the global International Business Travel Services market size was valued at US\$ million in 2024 and is forecast to a readjusted size of USD million by 2031 with a CAGR of %during review period.

International Business Travel Services refer to a range of specialized services and solutions offered to businesses and professionals to facilitate and manage travel for international business purposes. These services are designed to streamline the complexities of international travel, ensuring that corporate travelers can efficiently and safely conduct business activities abroad. International business travel services are typically provided by travel agencies, corporate travel management companies, and travel technology platforms.

In 2022, the gradual relaxation of epidemic prevention and control measures around the world will have a positive impact on the rapid recovery of the tourism industry. According to data from the World Tourism Organization, the number of global travelers exceeded 900 million in 2022, a two-fold increase compared to 2021. In 2022, international tourism revenue returned to the US\$ 1 trillion, a real increase of 50% compared with 2021. According to data from the Ministry of Culture and Tourism of China, in 2022, the total number of domestic tourists was ? 2.53 billion, and the domestic tourism revenue (total tourism consumption) was ? 2 trillion.
