Abstracts

IT consulting is a field of activity that focuses on advising organizations on how best to use information technology (IT) in achieving their business objectives.

Scope of the Report:

This report studies the IT Consulting Services market status and outlook of Global and major regions, from angles of players, countries, product types and end industries; this report analyzes the top players in global market, and splits the IT Consulting Services market by product type and applications/end industries.

The IT aspects of consulting services can be segmented into three: Operations (to achieve cost savings and robustness by improving efficiency through the adoption of technology), security (to prevent unauthorized access to information), and strategy (to achieve agility and optimize use of resources by effectively synchronizing business and IT objectives).

The global IT Consulting Services market is valued at xx million USD in 2017 and is expected to reach xx million USD by the end of 2023, growing at a CAGR of xx% between 2017 and 2023.

The Asia-Pacific will occupy for more market share in following years, especially in China, also fast growing India and Southeast Asia regions.

North America, especially The United States, will still play an important role which cannot be ignored. Any changes from United States might affect the development trend of IT Consulting Services.

Europe also play important roles in global market, with market size of xx million USD in 2017 and will be xx million USD in 2023, with a CAGR of xx%.

Market Segment by Companies, this report covers

Accenture

Deloitte

IBM

HP

CGI

PricewaterhouseCoopers

Ernst & Young

Market Segment by Regions, regional analysis covers

North America (United States, Canada and Mexico)

Europe (Germany, France, UK, Russia and Italy)
