According to our (Global Info Research) latest study, the global Landscaping and Lawn Care Business Insurance market size was valued at US\$ 8232 million in 2025 and is forecast to a readjusted size of US\$ 11505 million by 2032 with a CAGR of 4.9% during review period.

Landscaping and lawn care business insurance is a comprehensive risk management solution tailored for professionals engaged in landscape design, lawn maintenance, arboriculture, and outdoor upkeep. Its primary objective is to mitigate financial exposure to third-party bodily injuries, property damage, and workplace accidents through a strategic combination of coverages. The foundation of this insurance is typically General Liability, which covers legal and settlement costs if a contractor accidentally causes damage (e.g., a lawnmower projectile breaking a window) or if a bystander is injured at a job site. Given the mobile and high-value nature of landscaping equipment, Inland Marine insurance is frequently included to protect tools while in transit or at various workstations. For businesses with employees, Workers' Compensation is often a legal mandate, ensuring that medical expenses and lost wages are covered if a crew member is injured during high-risk tasks like tree trimming or operating heavy machinery.
