Abstracts

The global LTL Express Service market size is expected to reach \$ million by 2029, rising at a market growth of % CAGR during the forecast period (2023-2029).

LTL freight shipping is used for shipments over 150 pounds, but less than 15,000 pounds. The benefit of LTL for shippers is it combines freight from multiple companies onto one truck. This creates an efficient freight move for shippers lacking the volume to operate full truckload shipments for some freight lanes.

This report studies the global LTL Express Service demand, key companies, and key regions.

This report is a detailed and comprehensive analysis of the world market for LTL Express Service, and provides market size (US\$ million) and Year-over-Year (YoY) growth, considering 2022 as the base year. This report explores demand trends and competition, as well as details the characteristics of LTL Express Service that contribute to its increasing demand across many markets.

Highlights and key features of the study

Global LTL Express Service total market, 2018-2029, (USD Million)

Global LTL Express Service total market by region & country, CAGR, 2018-2029, (USD Million)
