Abstracts

The global Luxury Vinyl Flooring (LVT) market size is expected to reach \$ 26660 million by 2032, rising at a market growth of 10.1% CAGR during the forecast period (2026-2032).

For gorgeous, elevated luxury in the home, the sophistication and timelessness of hardwood flooring is often a first choice among homeowners. In addition to lasting for decades with proper care, homes with wood flooring retain their value better, sell more quickly, and tend to sell for more. But wood flooring has drawbacks. That's why luxury vinyl flooring is becoming increasingly popular with homeowners.
