Men's hair dye is a hair coloring product specially designed for men to dye gray hair to black or other colors. Generally speaking, the difference between men's hair dyes and women's hair dyes lies in their formula and dyeing effect.

Men's hair dyes are usually formulated to be milder than women's hair dyes to avoid excessive damage to a man's scalp and hair. In addition, the dyeing effect of men's hair dyes is usually more natural than that of women's hair dyes, and will not appear too strong or showy, which is more in line with men's aesthetic needs.
