According to our (Global Info Research) latest study, the global Message Push Notification Service market size was valued at US\$ 12490 million in 2024 and is forecast to a readjusted size of USD 20770 million by 2031 with a CAGR of 7.6% during review period.

A Message Push Notification Service, commonly referred to as a push notification service, is a technology platform or service that allows organizations, developers, and app publishers to send real-time messages or alerts to users' devices or applications. These messages are typically delivered to smartphones, tablets, desktop computers, or other connected devices to inform users about updates, news, events, or important information related to a specific app, service, or website.

Push notifications are becoming more interactive and feature-rich. They can include images, videos, buttons, and other interactive elements, allowing users to perform actions directly from the notification, such as completing a purchase or responding to a message.

This report is a detailed and comprehensive analysis for global Message Push Notification Service market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

Key Features:

Global Message Push Notification Service market size and forecasts, in consumption value (\$ Million), 2020-2031

Global Message Push Notification Service market size and forecasts by region and country, in consumption value (\$ Million), 2020-2031

Global Message Push Notification Service market size and forecasts, by Type and by Application, in consumption value (\$ Million), 2020-2031

Global Message Push Notification Service market shares of main players, in revenue (\$ Million), 2020-2025

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Message Push Notification Service

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global Message Push Notification Service market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Enghouse Networks, OneSignal, Wingify, Agile CRM, Google, Team App, IZooto, Amazon Web Services, Braze, PushEngage, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

Market segmentation

Message Push Notification Service market is split by Type and by Application. For the period 2020-2031, the growth among segments provides accurate calculations and forecasts for Consumption Value by Type and by Application. This analysis can help you expand your business by targeting qualified niche markets.
