Abstracts

According to our (Global Info Research) latest study, the global Metal Wedding Bands market size was valued at USD 69450 million in 2022 and is forecast to a readjusted size of USD 101370 million by 2029 with a CAGR of 5.6% during review period. The influence of COVID-19 and the Russia-Ukraine War were considered while estimating market sizes.

The growth of the wedding band market is fueled by advancements in technology, the use of modern equipment, design optimization through computer-aided design (CAD), celebrity endorsements, increased demand for customized wedding bands, investment in better raw material quality, and design and features of wedding bands. Moreover, increasing buyers' willingness to pay for a premium wedding band and the availability of a variety of styles and designs for men's wedding bands are expected to drive the market. Due to the increased choice of style and design offerings, the demand for wedding bands has gained traction in the past few years.

Wedding bands are an essential part of wedding culture in many countries. Previously, men usually preferred simple designs of wedding bands. The historical significance of gold made it arguably the most popular metal for men's wedding bands. But with innovation and new fashion trends, the millennial generation is inclining toward wedding bands made from other precious metals. Considering consumer preferences, jewelry manufacturers are making bands from a wide range of precious metals such as white gold, silver, rose gold, platinum, titanium, and other precious and semi-precious metals.

This report is a detailed and comprehensive analysis for global Metal Wedding Bands market. Both quantitative and qualitative analyses are presented by manufacturers, by

region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2023, are provided.
