Abstracts

According to our (Global Info Research) latest study, the global Mortgage Advisory Services market size was valued at US\$ 1073 million in 2025 and is forecast to a readjusted size of US\$ 1528 million by 2032 with a CAGR of 5.2% during review period.

Mortgage advisory services are loan selection and transaction assistance services offered to homebuyers, owners, investors, and businesses by independent brokerage firms, licensed credit intermediaries, brokerage networks, digital mortgage platforms, or professional real estate finance advisors. Service providers screen and compare products from multiple banks, credit unions, professional mortgage institutions, and non-bank lending institutions based on the borrower's income stability, balance sheet, credit history, down payment ratio, property valuation, loan-to-value ratio, debt-to-income ratio, interest rate type, repayment period, and risk appetite. They then formulate suitable financing recommendations for the client and further complete borrowing capacity assessment, document preparation, pre-approval, lender matching, application submission, terms negotiation, approval tracking, and transaction coordination.
