## Abstracts

According to our latest research, the global Mortgage Processing Outsourcing market size will reach USD 19790 million in 2031, growing at a CAGR of 6.9% over the analysis period.

Mortgage processing outsourcing means that banks or financial institutions entrust part or all of the mortgage application process to third-party professional service providers to reduce operating costs, improve processing efficiency, and optimize the loan issuance process by using external technology or resources. Outsourcing service providers usually help financial institutions speed up approval, reduce human errors, and ensure compliance with regulatory requirements through standardized operations, automated systems, and industry experience.
