Abstracts

The global NAD+ Supplements market size is expected to reach \$ million by 2029, rising at a market growth of % CAGR during the forecast period (2023-2029).

NAD+ is believed to play an important role in cellular energy production, anti-aging and overall health. As a result, concerns about anti-aging and improving quality of life have led to an increased demand for NAD+ supplements. The scientific community has conducted intensive research on NAD+ and its role in cellular repair and energy metabolism. These studies have helped support the market for NAD+ supplements as a highly sought-after form of nutritional supplementation. The biological functions of NAD+ give it broad potential for life science and medical applications. Research suggests that NAD+ may have a positive impact on the treatment and recovery of a number of diseases, which has led to increased interest in its supplementation. With the growth of the NAD+ supplement market, several manufacturers and brands have emerged in the market. These include large pharmaceutical companies, nutraceutical companies, and startups focusing on the anti-aging sector. Consumer acceptance of NAD+ supplements is gradually increasing, especially among those who are health-conscious and looking for anti-aging solutions. Channels such as social media and health blogs are also helping to promote NAD+ supplements.

NAD+ supplements are dietary supplements that contain compounds or precursors that can help increase the levels of nicotinamide adenine dinucleotide (NAD+) in the body. NAD+ is a coenzyme that plays a crucial role in various cellular processes, including energy metabolism, DNA repair, and cellular signaling.

This report studies the global NAD+ Supplements production, demand, key manufacturers, and key regions.

This report is a detailed and comprehensive analysis of the world market for NAD+ Supplements, and provides market size (US\$ million) and Year-over-Year (YoY) Growth, considering 2022 as the base year. This report explores demand trends and competition, as well as details the characteristics of NAD+ Supplements that contribute to its increasing demand across many markets.

Highlights and key features of the study

Global NAD+ Supplements total production and demand, 2018-2029, (K Units)

Global NAD+ Supplements total production value, 2018-2029, (USD Million)

Global NAD+ Supplements production by region & country, production, value, CAGR, 2018-2029, (USD Million) & (K Units)

Global NAD+ Supplements consumption by region & country, CAGR, 2018-2029 & (K Units)

U.S. VS China: NAD+ Supplements domestic production, consumption, key domestic manufacturers and share

Global NAD+ Supplements production by manufacturer, production, price, value and market share 2018-2023, (USD Million) & (K Units)

Global NAD+ Supplements production by Type, production, value, CAGR, 2018-2029, (USD Million) & (K Units)

Global NAD+ Supplements production by Application production, value, CAGR, 2018-2029, (USD Million) & (K Units).

This reports profiles key players in the global NAD+ Supplements market based on the following parameters – company overview, production, value, price, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Chromadex, Alive by Nature, Life Extension, Bulk Supplements, NMN Bio, Swanson Health, Pure Nootropics, Thrivous and BioTech Life Sciences, etc.

This report also provides key insights about market drivers, restraints, opportunities,

new product launches or approvals.

Stakeholders would have ease in decision-making through various strategy matrices used in analyzing the World NAD+ Supplements market.

Detailed Segmentation:

Each section contains quantitative market data including market by value (US\$ Millions), volume (production, consumption) & (K Units) and average price (US\$/Unit) by manufacturer, by Type, and by Application. Data is given for the years 2018-2029 by year with 2022 as the base year, 2023 as the estimate year, and 2024-2029 as the forecast year.
